ROOSEVELT ON ISTHMUS

Receives a Great Ovation When He Goes Ashore at Colon.

INSPECTS THE CANAL WORKS

Moves Across the Isthmus to City of Panama, Where Another Reception Is Planned—Seee the Sights, Accompanied by President Amador and Others—Anarchists Arrested.

Colon, Nov 15—The first trip of an American president outside of the boundaries of the United States was successfully concluded when the battleship Louisiana, having on board President Roosevelt and his party, dropped anchor in the harbor of Colon. The Louisiana, which arrived ahead of schedule time, was convoyed by the Tennessee and the Washington, and the three vessels anchored about a mile from the dock during a heavy rain fall

President Amador and other officials of the republic arrived in the evening from Panama and were received on board the Louisiana. The greetings were cordial President Amador and party were accompanied by Chief Engineer Stevens, Commissioner Shonts, Executive Secretary Read, and Mr. Squiers, the American minister. The president invited the local newspaper correspondents to come on board the Louisiana, and his invitation was accepted by the editor of the Colon Independent, the editor of the Jamaica Gleaner and the representative of a press association The president said the voyage down had been pleasant and uneventful. He expressed himself as gratified at the welcome being prepared for him on shore, and said he intended to see everything possible for himself in connection with the canal during his three days' stay on the isthmus The president spoke at length with Mr Delisher, editor of The Gleaner, regarding the question of Jamaican labor here and promised to look into the matter thoroughly

Extensive precautions have been taken to protect President Roosevelt during his three days' visit on the isthmus, and it is reported that a number of known anarchists have been arrested here and at Panama. All steamers arriving at the isthmus are inspected and suspicious characters have been imprisoned and will be held in custody until President Roosevelt departs.

Thursday morning President Roosevelt came ashore and was extended a cordial welcome to the city. The president in reply made a short address Boarding a train later, the president and party started for Panama The run across the isthmus was made on a slow train in order to give the distinguished party an opportunity to see the canal works The presidential train, after passing through the zone will go to La Boca, where President Roosevelt will inspect the Pacific entrance of the canal. At Panama, President Amador and his party will separate from President Roosevelt and his party. The latter will cruise in Panama bay, inspecting the various islands and probably landing at Taboga to examine the sanitariums erected by the isthmian canal commission. Mr. Roosevelt and suite will then return to the mainland and breakfast with Commissioner Shonts, Executive Secretary Read and Chief Engineer Stevens.

According to the program a procession of government officials and prominent citizens, escorted by 200 young men mounted, will proceed from the cathedral to the Tivoli hotel and receive President Roosevelt there, when the party will start for Panama with the mounted escort in advance, preceding the carriage of Presidents Roosevelt and Amador and the rest of the procession, which will proceed to the government palace. The party will stop in front of the cathedral where a platform has been erected for the two presidents, from which President Amador will deliver an address of welcome. After his speech all the school children of the capital will be paraded in front of the platform and sing the national anthem. The same ceremony will be observed in escorting President Roosevelt back to the hotel

UNDER SERIOUS CHARGE

John McNichols Of Coshocton Is Held In Illinois Town

John McNichols, son of Martin McNichols, of John street is held at Springfield, Ill, to answer for the death of two shot firers, who accidentally met their death about a week ago in the room in a coal mine in which McNichols worked.

At the time of the occurrence it is understood Mr. McNicholas was at his home in Springfield and was in no way to blame for the accident. However he was held by the superintendent who had been arrested and has been under bond.

His hearing was to have been held Wednesday but the result of it has not been learned by his relatives here who however, feel confident he will be exonerated. Mr. McNichols is a married man and left Coshocton over seven ago His arrest is on a technical point of violation of a state law simply as the accident occurred in his "room"

The men who died were smothered to death by the explosion sucking all air out of the compartment.

WOMAN WITH GUN BAGS TWO RABBITS

Mrs. Fred Landerman Bags Good Game---News of The Fields

The hunting season opened most auspiciously—for the hunters— and this evening there are many widows and orphans among the rabbits and quail of Coshocton county.

The best hunting story heard thus far has Mrs. Fred Landerman for its heroine She and her husband were out hunting back of Roscoe Thursday morning and Mrs. Landerman demonstrated that she is able to handle a gun to good advantage by shooting two rabbits

She doesn't claim to be as sure a shot as Annie Oakley but she doesn't take her bonnet off to any of her sex in this vicinity.

Will Renner and Emanuel Shaeffer went down near Wills Creek. J. J. Rose and Wm Columbee are rambling over the Cox farm below Conesville. Lawrence Parrish and Harry Mulligan are out somewhere in the wild woods.

Judge Donley and T. H Wheeler left on the Wheling for the Avondale neighborhood. "Bud" McDonald and Harry Moore are going out tomorrow but they refuse to divulge where they are going for fear the game will get wind of it

Waiting For Generous Person

Squire Wimmer fined Dean Foutch $1 and costs for each offense in assaulting Rosa Roof amounting to about $6. It was impossible for the squire to send her to the work house or the reformatory according to the law, or it is possible that would have been the sentence. The girl is still in jail, awaiting someone to pay her fine.

SIGNED A PACT OF SEPARATION

Senator Platt and His Young Wife Reach an Agreement.

BRIEF STATEMENT ISSUED

Rumors of Improper Acts on Part of Either Pronounced Absolutely False. Wife Given an Annuity and Tioga Lodge—Announcement of the Attorneys in the Case.

New York, Nov. 15—Senator Thomas C Platt and his wife, formerly Mrs Lillian T. Janeway, have agreed to separate. The law firm of Marsh, Winslow & Weaver, acting for Mrs Platt, made the announcement. The deed was signed by both, but not in the presence of each other, and is as follows:

"Owing to unhappy differences between them the undersigned have this day executed a deed of separation While making such announcement we wish to assert with all possible emphasis the falsity of the scandalous articles which have frequently appeared in the public prints. While there have been a series of differences and disputes which seem to make a separation advisable, there has been no conduct upon the part of either which could possibly be the foundation for divorce action. No question of infidelity of either to the other has ever been raised. Statements which have charged violent and disgraceful scenes between us are absolutely false"

MRS. THOMAS C PLATT.

Mrs. Platt is at the Tioga Lodge in Highland Mills, and Senator Platt is staying at his apartments in this city So feeble is he that no one was allowed to see him Besides the formal announcement of the separation made through Mrs Platt's counsel, no member of the Platt family would make any comment on the agreement

What provision has been made by the senator for his wife's future support could not be learned from any member of the family, but it is said that Mrs. Platt will have the use of the Tioga estate and that she will receive an allowance of $10,000 a year from her husband

She is "The One Woman" Now

Raleigh, N. C, Nov. 15—Miss Gretchen Dale has resigned the part of leading woman, Ruth, in "The One Woman." She is to be married to a well known young officer in the United States navy. She gave her two week's notice at Charlotte last week. Miss Dale was the Nellie Graham of the northern "The Clansman" company last season and while in that role met the young man. Her place in "The One Woman" will be taken by Miss Florence Fisher.

Dogs Attack Adams' Sheep

Dogs have recently been quite an annoyance to farmers living in the south western part of Adams township. Within the past two months C. W. Wagoner has had six sheep crippled by dogs but none have been killed. This would infer that the dogs have either been scared away from the sheep or are too small to accomplish their purpose. A few other neighboring farmers have had similar experience with their flocks of sheep—Adamsville Register.

NEW ROAD LAW LOOKS LIKE A HOPE

The new road law in Ohio, which goes into effect Dec. 1, does away with election of road supervisor, and persons to take their places will here after be appointed by the township trustees. Each township will be divided into not more than four districts, and a road superintendent will be appointed for each district. Under his direction the roads are to be improved, the two days' labor done and the township road tax worked out, says the Newcomerstown Index

But the superintendent at all times works under the direction of the trustees, who may discharge any superintendent when they see fit The superintendent may employ laborers and pay them not more than 17 1-2 cents an hour, and for a team not to exceed 37 cents per hour

Every male between the ages of twenty one and fifty-five, except soldiers, members of the national guard, etc., must work out his two days or pay $1. in money The work is to be done between April 15 and July 1 The $1 can be collected from the one refusing to work and he has no exemption.

WAGON WAS ALMOST OUT OF SIGHT

The wagon of the Adam Express Company met with an accident Wednesday, that might have resulted in a new wagon Earl Dickerson was driving the wagon, and started through the road leading from Chestnut street to East Main, along the Wheeling railroad The road is the only one within about eight blocks, and is a terrible mudhole

One side of the wagon dropped into a hole, and then fell on its side. The horse was knocked down, but luckily the harness was not broken Assistance was called and the wagon soon righted and pulled out of the mudhole, the horse was rehitched and the driver drove away without further accident

Dickerson jumped when the wagon upset, and escaped with slight bruises

LEFT FINDLAY WITH WARRANTS

Hancock Sheriff After Parties Indicted by the Grand Jury.

LATTER FINDS TRUE BILLS

John D. Rockefeller, M. G. Vilas, J. M. Robertson and R. P. McIntosh Named In the Indictments—Parties Must Appear Personally In Court. Those Bribery Charges.

Cleveland, O., Nov. 15.—Deputy Sheriff A. S. Johns of Hancock county, arrived here and made public the names of the three persons indicted at Findlay, in addition to the indictment against John D. Rockefeller. Johns has warrants for the arrest of M. G. Vilas treasurer of the Standard Oil company of Ohio; J. M Robertson, secretary, and R. P. McIntosh, a director. The deputy sheriff said he had been instructed by the officials at Findlay to remain here until the warrants are served and the defendants named in the indictments upon which the warrants were issued will be taken to Findlay in person. He said that it was his understanding that none of the parties, including Mr. Rockefeller, would be permitted to enter appearance by attorney.

Findlay, O., Nov. 15.—John D. Rockefeller and three other persons were indicted by the grand jury here in connection with the Standard Oil inquiry. What the indictments allege was not given out by Prosecutor David.

Bench warrants issued on the indictments were placed in the hands of Deputy Sheriff Johns, who took them and went to Cleveland.

The indictment returned are at present in possession of the clerk of courts of this county. It is understood the indictments charge the defendants with having continued to contract the oil productions and to fix prices on and after July 7, 1906; in violation of the Valentine anti-trust act, a state law under which the recent prosecution of the Standard Oil company in this county was conducted and in which a fine of $5000 was imposed by the probate court.

According to C. C. Myers, a member of the jury that convicted the Standard Oil company of violating the anti-trust law, a bribe of $500 was twice offered to him during the trial, once on the street, and once in the basement of the courthouse, on condition that he hang the jury up for a disagreement Myers says he doesn't know who the man who offered him the money was, though it was the same man in both instances.

COLLECTOR PATTON NEVER DWELT HERE

Collector Patton, accredited to Coshocton by the press of Columbus, Wednesday, never dwelt here or had anything to do with canal work here. He was from Columbus, and how the Columbus papers made the error is a mystery. It is true that he got tangled in his accounts and was short $800, but the state is amply protected by a guarantee bond, and there is nothing whatever sensational in the matter. Giving the man's residence as Coshocton reflects unjustly on the late collector of the port of Roscoe. Mr. Burchfield, whose affairs of office were always in ship shape form, a record that Collector Wilson has adhered to. Columbus should retain all credit for the Patton case—Coshocton is not interested in it.

FAIR PLAY.

The American People are Noted for Their Love of Fair Play. So True is This, That it May Be Said To Be a National Trait of Character.

The man who strikes another a foul blow, or maliciously tries to injure him in his business, or in his social standing is detested and abhorred. The American people are not generally slow to manifest their disapproval of such unfair treatment when an opportunity is afforded.

Illustrative of this disposition is the fact that although base, false and malicious attacks upon Dr. Pierce, of Buffalo, and his widely celebrated Family Medicines have sometimes injured the sale of these meritorious remedies for a time, yet when such unjust assaults have been met and their falsehoods completely refuted, a natural reaction has followed and their sale has been fully restored again.

In the case of the *Ladies' Home Journal*, of Philadelphia, which, in 1904, published a most maliciously false, slanderous and injurious article, attacking Dr. Pierce and his "Favorite Prescription"—the well-known cure for woman's peculiar weaknesses and distressing ailments—Dr. Pierce brought suit in the Supreme Court of the State of New York against the publishers of that paper and a verdict was given the Doctor, the judgment being for a substantial amount ($16,000.00) yet not for enough to properly recompense Dr. Pierce for the great injury and injustice done him. While he and his "Favorite Prescription" were completely vindicated and the latter remedy was proven, in open court, to contain no alcohol and none of the dangerous and injurious drugs which the above mentioned paper had alleged it contained, yet Dr. Pierce has, through his attorneys, moved for a new trial trusting that thereby he may finally be accorded a more just and adequate compensation for the great damage which he was made to suffer by reason of the base falsehoods published concerning him and his business.

There are hundreds of thousands of people all over this blessed country of ours who have been cured of obstinate, chronic diseases through the use of Dr. Pierce's Medicines and it is only natural that such people should rise up and speak their sentiments pretty freely when Dr. Pierce and his medicines are so unjustly attacked.

These grateful patients of Dr. Pierce are to be found in almost every hamlet and country village, and in the farmhouses and mechanics' cottages in every nook and corner of this great country. Common gratitude prompts such people to stand up and defend Dr. Pierce and his medicines against unjust and malicious attacks.

Dr. Pierce's Medicines have been on sale in drug stores all over this country and in many foreign lands for more than forty years and yet their sale continues to grow in a substantial and most gratifying way. This could not be the case if they were not remedies of more than ordinary merit.

WHAT DO THEY CURE?

Dr. Pierce's Favorite Prescription is not advertised as a "Cure All" but admirably fulfills a singleness of purpose, being a superior and most positive remedy for one class of diseases only—those easily recognized weaknesses, derangements, irregularities and painful disorders peculiar to women. It is a powerful, yet gently acting, invigorating, tonic and strengthening nervine. For weak, worn-out, over-worked women—no matter what has caused the break-down,—whether it be from too frequent bearing of children or from much worry, care, or over exertion of any kind, "Favorite Prescription" will be found most efficient in building up the strength, regulating all the womanly functions, banishing pain and bringing about a regular and healthy, vigorous condition of the whole female system. Thus it corrects prolapsus, or falling of womb, retroversion, antever-ion and other displacements of the female pelvic organs, due to weakness or over exertion, lifting or fatiguing over-work. In short, it makes weak women strong and sick women well.

As to Dr. Pierce's Golden Medical Discovery it has a very large range of application, yet it is by no means recommended as a "Cure-All." It possesses marvelous alterative, or blood cleansing, properties and is at the same time a most invigorating tonic, or strength giver. It exerts a specific, cleansing, soothing and healing effect upon all the lining mucous membranes of the system; hence, its great curative value in all catarrhal affections, no matter where located.

In Chronic Nasal Catarrh, it is well to cleanse the passages two or three times a day with Dr. Sage's Catarrh Remedy fluid, while persisting in the use of the "Golden Medical Discovery" for its blood cleansing and specific curative effects upon the diseased mucous membranes. It will cure a very large per cent. of all cases, even after they have reached the ulcerative, or chronic stage, and *no matter of how many years' standing they may be.* It is equally efficacious in affections of the mucous lining of the larynx, bronchia and respiratory organs in general, thus curing bronchitis, laryngitis and other affections giving rise to obstinate, hang-on-coughs. It is not so good in acute coughs following sudden colds, as in the lingering, chronic coughs. Nor must the "Golden Medical Discovery" be expected to work miracles. It will not cure consumption in its advanced stages—no medicine will do that, but for all obstinate hang-on-coughs due to laryngial or bronchial irritation and kindred affections, of the throat which, if neglected or badly treated, are likely to lead up to consumption, the "Discovery" can be relied upon to produce the best curative results.

The "Golden Medical Discovery" is, from its tonic and specific curative control over mucous surfaces, especially efficacious in curing indigestion, dyspepsia, weak stomach and "Liver Complaint," or biliousness. Even ulceration of the stomach and bowels has in thousands of cases been cured by it; also obstinate chronic diarrhea.

In addition to all the foregoing, not the least valuable of the marvelously efficacious properties possessed by the "Discovery" is the unequaled regulating and strengthening effect exerted by it over the heart's action. It has made some wonderful cures of very pronounced valvular and other affections of that organ.

The reason why "Golden Medical Discovery" cures so wide a range of diseases is made plain in a booklet sent free on request mailed to Dr. R. V. Pierce, Buffalo, N. Y. If interested, send for it.

The powerful alterative or blood purifying properties possessed by the "Discovery" will naturally suggest its use for the cure of blotches, pimples, eruptions; as eczema, salt rheum, and other skin affections in all of which it has made remarkable cures; also in scrofulous sores and old, open ulcers, or eating sores. To heal the latter, use Dr. Pierce's All-Healing Salve as a local application, while taking the "Golden Medical Discovery" to correct the blood and cleanse the system. A box will be mailed to any address on receipt of fifty-four cents in stamps. If your druggist don't have it in stock, address Dr. Pierce, as above.

A Quotation.

A correspondent wrote to a newspaper to ask the author of this couplet:

How much the fool who has been sent to Rome
Excels the fool who has been kept at home!

He had barely written when he answered his own query, having found the source of the lines and how he had misquoted them. They are from Cowper's "Progress of Error" and read:

How much a dunce that has been sent to roam
Excels a dunce that hath been kept at home!

We are not sure but that, as is frequently the case with misquotations, the popular version is better than the poet's.—New York Tribune.

BECOMING A MOTHER

Is an ordeal which all women approach with indescribable fear, for nothing compares with the pain and horror of child-birth. The thought of the suffering and danger in store for her, robs the expectant mother of all pleasant anticipations of the coming event, and casts over her a shadow of gloom which cannot be shaken off. Thousands of women have found that the use of **Mother's Friend** during pregnancy robs confinement of all pain and danger, and insures safety to life of mother and child. This scientific liniment is a god-send to all women at the time of their most critical trial. Not only does **Mother's Friend** carry women safely through the perils of child-birth, but its use gently prepares the system for the coming event, prevents "morning sickness," and other discomforts of this period. Sold by all druggists at $1.00 per bottle. Book containing valuable information free.

The Marathon Mystery

A Story of Manhattan

By BURTON E. STEVENSON

Author of "The Holladay Case"

Copyright, 1904, by Henry Holt and Company

I was at the pier in good time, for, let me confess it, I was curious to see the details of this leave taking. Cecily and Tremaine were there before me, the former leaning sadly against the rail while the latter directed the checking of some baggage.

I went directly to her.

"So here you are," I said, "ready to go back to that St. Pierre you love so much. Aren't you glad?"

"Oh, very glad," she answered, with a single listless glance at me. "I shall never come back to this horrible place."

"And Tremaine will join you in two weeks," I added.

This time she looked at me—a lightning flash—a glance that brought back vividly my dream.

"Will he?" she asked between her teeth.

"Why," I questioned, in affected surprise, "don't you think he will?"

She drew in her breath with a quick gasp.

"What does it matter? I'm only a fille-de-couleur. I shall laugh and forget, like all the others," and, indeed, a strange unnatural excitement had come into her face.

I saw her eyes devouring Tremaine as he approached.

"Everything is arranged," he said cheerily, shaking hands with me. "Here are the checks, Cecily. Now take us down to your stateroom and do the honors."

"As you please, doudoux," she answered quietly, and led the way.

It was a very pleasant cabin, one of the best on board, and I saw that some of her personal belongings were already scattered about it. Against the hot water pipe in one corner was hanging Fe Fe's cage. A curtain had been tied about it to protect its tender occupant from the cold.

"I see you're taking Fe Fe with you," I remarked.

"To be sure she is," said Tremaine. "She knows the snake would starve to death if she left it with me. But we must drink to a good voyage."

He rose and touched the electric button. Cecily followed him with eyes gleaming like two coals of fire. Looking at her, I felt a vague uneasiness—did she have concealed in the bosom of her gown that same revolver—was she only waiting a favorable moment?

"The first toast is yours, Mr. Lester," said Tremaine, as he filled the glasses.

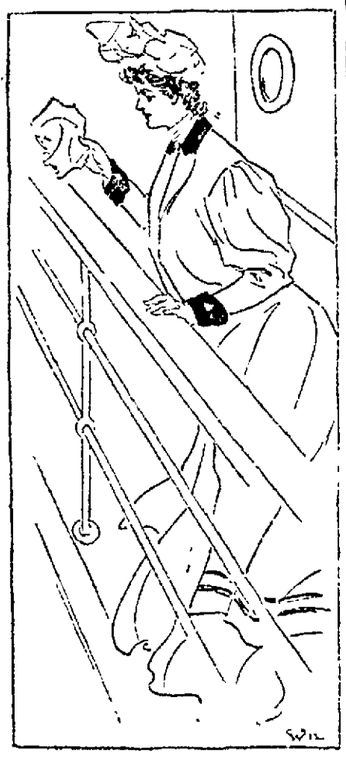

"To Cecily!" I cried. "Her health, long life and happiness!"

"Thank you, che," she said simply, and very gravely, and we drank it.

Just then a bell sounded loudly from the deck and a voice shouting commands.

"Come, we must be going," said Tremaine, rising hastily. "That's the shore bell."

I passed out first, and for an instant held my breath, expecting I know not what—a dull report—a scream. But in a moment they came out together. Tremaine and I made a rush for the gang plank, while Cecily again took up her station against the rail. We waved to her and waved again, shouting

She waved back at us.

goodbys as the last rope was cast loose and the steamer began to move away from the dock.

She waved back at us and kissed her hands, looking very beautiful.

Then suddenly her face changed. She swayed and caught at the rail for support.

"She's going to faint, pardieu!" said Tremaine.

But she did not faint. Instead she made a funnel of her hands and shouted a last message back at us.

Tremaine nodded as though he understood and waved his hand.

"Did you catch what she said?" he asked.

"No, not a word of it. That tug over there whistled just then."

"I caught the word 'it.' She probably wants to know how many she'll have to get ready, but no matter," and he turned to me with an expressive little shrug.

"Why? Isn't the committee really going to Martinique?"

"Oh, a couple of engineers are going to look over the ground and report."

"And you?"

"I shall stay here." He waved his handkerchief again at the receding boat, then passed it across his face. "That takes a big load off my mind, Mr. Lester, I tell you, to get her safely off and be alive to tell the tale. I rather expected her to stick a knife into me last night. I made a great mistake in bringing her with me."

"But I thought you said"—

"Oh, they do laugh and forget in time, but just at first they naturally feel bad. Now, before the voyage is over I dare say Cecily will have another doudoux—some handsome creole returning home, perhaps. She's a magnificent woman, just the same," he added.

"That she is," I agreed, and threw a last look down the river.

The boat was almost hidden by the morning mist. In a moment more it had quite disappeared, bearing Cecily to death, a fortnight later, in the shadow of Pelee. And I doubt if I shall ever know another woman like her.

Coshocton Citizens Gladly Testify and Confidently Recommend Doan's Kidney Pills.

It is testimony like the following that has placed Doan's Kidney Pills so far above competitors. When people right here at home raise their voice in praise there is no room left for doubt. Read the public statement of a Coshocton citizen:

Prosper Royer a retired farmer, 627 South Seventh street, Coshocton, O., says: "I have used Doan's Kidney Pills and was greatly benefited by their use. Previous to using them, I was in a very bad condition from kidney trouble and rheumatism. At times I suffered intense pains and a complete suppression of the secretions and was unable to pass them until relieved by the aid of an instrument. The secretions contained much blood and at times, there was a constant desire to pass them both day and night. This symptom caused me much trouble and greatly disturbed my rest at night. I procured a box of Doan's Kidney Pills from Siegrist & Williams drug store as they were highly recommended. The result was marvelous and the secretions soon acted in a normal manner. I am now in usually good health."

GROOMING COUNTS

But it cannot make a Fair Skin or a Glossy Coat.

Women with good complexions cannot be homely. Creams, lotions, washes and powders cannot make a fair skin. Every horseman knows that the satin coat of his thoroughbred comes from the animal's "all-right" condition. Let the horse get "off his feed" and his coat turns dull. Currying, brushing and rubbing will give him a clean coat, but cannot produce the coveted smoothness and gloss of the horse's skin, which is his complexion. The ladies will see the point.

Lane's Family Medicine

Is the best preparation for ladies who desire a gentle laxative medicine that will give the body perfect cleanliness internally and the wholesomeness that produces such skins as painters love to copy.

Otsego Man In Politics

At the recent election in Wapello county, Iowa, William Walker Jackson, son of Andrew Jackson of Ottumwa Iowa, was elected sheriff of that county. Mr. Walker had the honor of leading the ticket and had a majority of $70 votes. He was a candidate on the Democratic ticket. The fortunate young man is a native of Monroe township and his parents moved west when he was 8 years of age. He is a nephew of William Walker, of Otsego, and Mrs. Jane Slater, of this village.—Adamsville Register.

The new Pure Food and Drug Law will mark it on the label of every Cough Cure containing Opium, Chloroform, or any other stupifying or poisonous drug. But it passes Dr. Shoop's Cough Cure as made for 20 years, entirely free. Dr. Shoop all along has bitterly opposed the use of all opiates or narcotics. Dr. Shoop's Cure is absolutely safe even for the youngest babe—and it cures, it does not simply suppress. Get a safe and reliable Cough Cure, by simply insisting on having Dr. Shoop's. Let the law be your protection. We cheerfully recommend and sell it.

Woman's Natural Enemy

To woman, half the difficulty in gaining or retaining good health has been to find out the cause of disease. The other half—avoiding or curing disease—is only a matter of common sense.

Today the world's greatest specialists and scientists have *proven* that nearly all of women's diseases have one common cause—uric acid—and common sense tells the certain cure.

URIC ACID versus WOMAN'S GOOD HEALTH

Uric acid is a poisonous part of the body's waste matter.

It is always present in the blood, but worry, overwork, any nervous strain, not only produces too much uric acid but causes it to be deposited in the various parts of the body.

Thus working or exposure during the menstrual period, worry, nervousness or impure blood is followed by deposits of uric acid in the delicate female organs.

Then comes all irregularities in menstruation, womb and ovarian trouble, backache, headache and those feelings of dullness, all caused by uric acid—all to be cured by driving the poison—uric acid—out of the system.

LIFE PLANT IS WOMAN'S STRENGTH

Plain common sense, your own good judgment tells you that to cure disease you must get rid of the thing that causes disease.

Woman's diseases as we have just proven to you are largely due to uric acid.

LIFE PLANT is a solvent of uric acid. It dissolves the deposits of uric acid out of the delicate generative organs, corrects all irregularities of menstruation and relieves all ovarian and womb troubles.

To thousands upon thousands of women **LIFE PLANT** is a constant companion. Write us today for full information regarding **LIFE PLANT** and valuable free booklet on "Good Health."

HOW URIC ACID DISEASES BEGIN

Painful, irregular, free or scanty menstruation, backache, bearing down feeling, nervousness, loss of appetite, constipation, sleeplessness, all show uric acid at work. All lead to a life full of misery or the surgeon's knife.

If you have any of the above symptoms of disease, or if your stomach, kidneys or heart is out of order, cure yourself in the common sense way. Get LIFE PLANT from your druggist. LIFE PLANT should be every woman's constant companion in health and disease.

MEDICAL ADVICE AND BOOKLET FREE

Write to-day, now, for a free copy of valuable booklet showing the way to "Good Health." If there is anything unusual about your case write fully to I. J. Mizer, M. D., President The Life Plant Company. He will advise you free. Your letter will be returned with his answer.

ONE DIVORCE THAT SHOULD BE

Anna Gould whose wedding a few years ago brought forth all the tinsel type and red head lines the press of the country possessed, has again achieved that sort of fame, only this time it tells the sad sequel. She has secured a divorce from her worthless but titled and profligate husband. Count Boni (the name suspiciously like "bon" meaning "good") has spent three millions of the Gould fortune and gone in debt for five millions more. The French courts have granted the wife a divorce but with a string tied to it that she shall not take the children away from France without his consent—his one last big chance to make a "touch." The story is short and sad and like all stories has a moral. If American girls would wed good wholesome honest American men and not seek titles that mean nothing but snobbery, they would find far more happiness, a sweeter life, and do more good in the world.

Just On The Side

Last Sunday he was feeling unusually festive and by way of diversion placed his fingers in his mouth and whistled. Of course Mr. McConnell gave him a severe reprimand and prolonged it somewhat longer than he enjoyed. Judge of the teacher's feelings when the young man retorted in a very much crest fallen tone "Well that's all right but I'll not throw down any more hay for you." It seems he has occasionally been around the barn where Mr. McConnell's horse is kept and has helped the hostler with the feeding. DOCTOR BILLS.

Physicians Give Free Advice by Which Parents May Profit.

[illegible] an association of gentlemen [illegible] physicians and chemists [illegible] who are in the drug trade, so to speak, and who have been connected with it all their lives who first gave to the world Castoria which as every one knows is a pleasant and effective remedy for the ailments of infants and children. It has always been recognized as a meritorious preparation and its reward has been the greatest popularity ever enjoyed by any remedy ever put upon the market, attained not by flamboyant advertising or appeals to ignorance or vulgar prejudice, but by inherent merit. All physicians recommend it and many, very many, prescribe it.

Many parents call in the family physician. Many times parents take advantage of what the physician told them when he was first called in consultation. All good family physicians say, Give the children Castoria. Healthy parents know this remedy of old for they took it themselves as children. It was more than thirty years ago that Castoria made a place for itself in the household. It bore the signature of Chas. H. Fletcher then as it does today. The signature is its guarantee, which is accepted in thousands of homes where there are children.

Much is printed nowadays about big families. Dr. William J. McCrann of Omaha, Neb., is the father of one of these much read about families. This is what he says:

"As the father of thirteen children I certainly know something about your great medicine, and aside from my own family experience I have in my years of practice, found Castoria a popular and efficient remedy in almost every home."

Charles H. Fletcher has received hundreds of letters from prominent physicians who have the same esteem for Castoria that Dr. McCrann has. Not only do these physicians use Castoria in their own families, but they prescribe it for their patients. First of all it is a vegetable preparation which assimilates the food and regulates the stomach and bowels. After eating comes sleeping and Castoria looks out for that too. It allays feverishness and prevents loss of sleep and this absolutely without the use of morphine, morphine or other baneful narcotic.

Medical journals are reluctant to discuss proprietary medicines. Hall's Journal of Health, however, says: "Our duty is to expose danger and record the means for advancing health. The day for poisoning innocent children through greed or ignorance ought to end. To our knowledge Castoria is a remedy which produces composure and health by regulating the system not by stupefying it and our readers are entitled to the information."

The yearly statement of the Mergenthaler Linotype Company for the fiscal period ended July 31, exhibits an increase in net profits of $580,000 or 21 per cent. This is equal to 25 per cent on the $11,000,000 capital compared with 22 per cent in 1905 and 24 per cent, in 1904. The dividend has been 5 per cent since 1902.

BY LEGISLATION

Texas Physician Hopes to Prevent Dread Tuberculosis.

New York, Nov. 15.—"Whisky and consumption follow flag and Bible in the march of civilization," said Dr. F. E. Daniel of Austin, Tex., in his annual presidential address opening the American International Congress on Tuberculosis. The congress meets this year in joint conference with the Medico Legal society of New York. Dr. Daniel declared that the keynote of this convention is to be the prevention of tuberculosis by legislation. He called attention to the success the government has had in eradicating yellow fever and asked why some attention should not be given to the disease which causes one-seventh of the deaths in America.

The Coshocton Gas Co.

A Stove that Pays for Itself

That's what the New Method Gas Range does. How? By saving you 25 per cent. of your gas bill.

The New Method Gas Range

Is made of key steel instead of cast iron. This steel being highly polished does away with all friction on the passage of the air and gas through the burner allowing a larger quantity of air to be taken up and mixed properly with the gas than can be in the thick, rough cast iron burners. The more air burned the less gas. Accurate tests made by gas experts in different parts of the country have shown an average of 25 per cent. less consumption of gas from the New Method, than from any other burner.

The steel plates in New Method Ranges are coated on both sides with enamel baked on so hard that it is not effected by heat or will not rust. Steel coated in this way will outwear cast iron and then they're the easiest to clean.

New method ranges are guaranteed for five years. Sold by

As each course is prepared for the Sultan of Turkey's meal it is placed on a silver dish which is sealed with red wax by the kelerdjin, the official responsible for his sovereign's food and then covered with a black velvet cloth to keep it warm.

The Record of an Old Policy Closed

Policy No. 75 in the Northwestern Mutual Life Insurance company was issued May 27, 1859, on the life of Hon. Carl Schurz for $5,000, on the ordinary life plan, at age 30, annual premium $115.10. All dividends were used in reduction of premiums. Mr Schurz died May 14, 1906, and the result of his policy was as follows:

Forty-seven premiums paid in cash, $5,109.70.

Cash dividends returned (including post mortem dividend of $67.35) $2,575.53.

Total net cost of $5,000 insurance for 47 years $2,534.17

The dividends averaged over 52 per cent. of the premiums during the whole period, making the average annual cost but $53.92 on $5000, or $10.78 per thousand.

The above result is believed to be better than experienced in any other company during the same period on a similar policy

But the dividend for 1905 was $67.35 or over 57 per ment of the premium, reducing the cost for the year to $19.15, or $9.83 per thousand

Interesting as is the full history of this policy, the fact that its "last years were its best years" is of especial importance to intending insurers

Enjoyable Dinner Party.

Mr. and Mrs. N. P. Richardson gave a well appointed 6 o'clock dinner at their home on West High street on Monday evening, to a number of relatives and friends, honoring Mrs. Richardson's uncle and aunt Mr. and Mrs. John Scott of Leesville who have been visiting she and her husband, also Mr. Scott's brother, P. D. Scott and wife, on East avenue for several days. Those who enjoyed the hospitality of Mr. and Mrs. Richardson on this occasion besides her uncle and aunt were: Mr. and Mrs. D. P. Scott, Mr and Mrs. R. T. Corning, Olin S. Rippeth, Mrs Elizabeth Harman and her guest Miss Jones of Columbus, and Mrs. A. S. Penneth of Coshocton—New Philadelphia Tribune.

✦ ✦ ✦ ✦

Birthday Anniversary.

Last Saturday, November 10, about forty-five friends gathered at the home of Mrs. Cliff Paterson, three miles east of Clark, to enjoy the delights of Grandpa Patterson, at the old home in Millcreek township Coshocton county, it being his 80th birthday anniversary. All came with well filled baskets, which made the table groan under their contents, and a very pleasant day was enjoyed together Those present were Grandpa Patterson, Charles Casey, A. H. Patterson and family, Cliff Patterson and family, Lew Casey and family, Lloyd Flatt and family Melvin Haxton and family, Mrs. Nancy Haxton, Mrs George Elliott son and daughter, Mr Harvey Gilbert and nephew, Mrs John Casey, daughter and sons, Mrs Austin Levengood and daughter, Mrs Ed Lawrence and daughter, Mrs Cliff Craig and sons, Mrs. Edward Tidball Miss Sadie Hall, Grace Logston, Eldon Joe and Glenn Casey.

✦ ✦ ✦ ✦

The Woman's Club.

The Coshocton Woman's Club continued its study of Scandinavia at the regular session held Wednesday afternoon at the library with several readings well given by Miss Anna Sara Beck to add variety to the program. Miss Beck also took advantage of the opportunity to speak of the Union Depot which will be given at the theatre tonight and tomorrow night under her direction and merits the support of all Coshocton not only because it is good in itself but also because it is for the benefit of the public library, an institution which is a boon to all Coshocton." The first paper was presented by Mrs. Sorl Snyder her subject being 'Mediaval Iceland;" she took up the period from the Vikings to the introduction of Christianity and mentioned particularly the Sverker, Eric and Folkunger dynasties.' Next came a group of papers on famous Scandanavians. Mrs. Robert Hanlon presenting the first of the series, her subject being Ericson, the man who really discovered America; following this Mrs. Shipps gave a delightful talk of Bojersen who is recognized as the greatest poet, statesman and politician Scandanavia has today; Hans Christian Anderson the man beloved by all children as the creator of 'The Ugly Duckling" was handled by Mrs. Alonzo Clarke and Miss Lee completed the group with a sketch of Boyeson who was connected at one time with the faculty of both Cornell and Columbia universities.

This group of sketches completed the program.

At the preliminary business meeting a communication was read from the American Civic Association urging the club women to exert all their influence to prevent the destruction of Niagara Falls; the matter was not voted upon as a club but the members were urged as individuals were urged to write Secretary Taft on the subject and a number of them signified their intention of doing so.

The club will meet next Wednesday afternoon, instead of in a fortnight, at the library.

✦ ✦ ✦ ✦

The Lady Workers.

The Lady Workers of the M. P. church held their regular business meeting Wednesday afternoon with Mrs. Champanois of North Sixth street and arranged for a social which will be given some time next month. Made the preliminary arrangements at least, this will be completed at the next meeting and the place of holding it will be announced later.

✦ ✦ ✦ ✦

For Miss Snyder.

To meet their sister, Miss Bernice Snyder, who as Miss Bernice Baden, was heard in the Isle of Spice, Mr. and Mrs. R. C. Snyder informally entertained a number of friends at supper Wednesday evening after the performance, at their apartments in the Richie.

✦ ✦ ✦ ✦

Hamilton-Jones Wedding.

Many Coshocton people were interested today in the announcement of the wedding of Miss Madge Hamilton and Mr. Milan H. Jones which was solemnized Wednesday evening at five o'clock at the former's home on Chestnut street by the Rev. Mr. Hamilton of the Presbyterian church. On account of the recent death of the bride's father the ceremony was a very simple one and was witnessed by only Miss Mabel Hamilton, the bride's sister, and Mr. and Mrs. Jos. Shannon, close friends of the family. Soon after it was over Mr. and Mrs. Jones left for the east and will travel the greater part of the winter making Canton their headquarters.

There have been fewer Coshocton brides with more friends to wish them joy than Mrs. Jones has. For some time she has been at the general delivery window at the postoffice and the close contact into which she was thus thrown with many people made them all her well wishers. Mr. Jones formerly lived in Coshocton but for the past year or more he has been traveling with headquarters at Canton. His father was at one time pastor of the M. E. church at Roscoe and the family is a well known and highly respected one.

✦ ✦ ✦ ✦

Roscoe Woman's Club.

The study of England was taken up at the meeting of the Roscoe Woman's club which was held Wednesday afternoon with Mrs. McDonald. Quotations from English authors made the responses to roll call unusually interesting and Miss Nellie Sykes, in an excellent paper, described to the club the happenings of a day in Parliament. Mrs. Clark read Tennyson's "Dora" beautifully Mrs Smalles was to have completed the program with a paper on "London" but as she was unable to present it was carried over to a later meeting.

The next meeting will be held with Mrs. Archie Clarke Tuesday evening Nov. 27 instead of Wednesday Nov 28 as the calendar has it.

How Athletes Keep Strong and Healthy

Their Diet Should Be a Revelation To All Men and Women.

Physical perfection, great endurance and unfailing health are positively essential in severe athletic work and great attention is given to the diet.

In schools where a "training table" is provided for the athlete, only the most nutritious food is served, and in cases where there is no training table the athlete is advised to eat the most healthful food only. Whether or not he follows such advice is soon shown by his physical condition. If the average man—the business man—the lawyer, the teacher, the clerk, the mechanic, the laborer—took such care as to the food he eats as the athlete does, there would be far less of sickness and suffering in this world.

Among athletes the food value of whole wheat is recognized. They have demonstrated what scientists have long declared to be true: that the various food elements found in wheat are the food elements with which the blood and muscle, the tissues and cells, the bone and brain of the human body must be replenished if life and perfect strength are to be sustained.

Every nutritive element of the best white wheat grown is found in Malta-Vita, and it is fast becoming as popular among other people as it long has been among athletes.

And Malta-Vita is so good to eat! Always crisp! All grocers, 10 cents.

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs, allays itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

BIG GAMES FOR SATURDAY

Foot Ball Clashes of Heavy Timber On The Program

What a bunch of big football games are down for this week!

In the east and west some of the biggest gridiron battles of the year will be played at the tail end of the present week.

Ohio State and Case clash at Cleveland Saturday in what is conceded to be the championship struggle of Ohio. That's No. 1.

Princeton and Yale come together Saturday in the east. Princeton's eleven has been doing the most consistent work this season and they have thrown a huge scare into the sons of Eli. That's No. 2.

Michigan and Pennsylvania hook up on Franklin field this Saturday in what will be a memorable contest—the first clash between the eastern and western elevens of note. That's No. 3.

The speedy Carlisle Indians whose whirlwind game has set the eastern critics to talking, meets the sturdy Minnesota eleven which Saturday wrested the western championship from Chicago. That's No. 4.

The Massillon Tigers and the Canton teams clash Friday in what will be the biggest professional game of the year. That's No. 5.

Polo Team is Ready in Dennison

The management of the Princess rink requests that the young men of Dennison meet at the rink Thursday evening from 6 to 7 to form a polo team and elect their captain. Uhrichsville has selected as captain Coulter Gracy, and a number of men tried out for the team Tuesday night, the team of six men to be picked this evening. The paraphernalia has been received and the teams will be allowed to practice between 6 and 7 o'clock each evening. Two teams in the Twin Cities will make some sport this winter with games regularly with other members of the proposed league. Dennison has enough athletic young fellows to put on a team which might get the honors.—Dennison Paragraph.

Game Law Explained.

A gentleman living near this city and who is interested in hunting and the proper protection of game, received the following letter from chief game Warden J. C. Porterfield, in answer to an inquiry.

Your letter of Nov. 4th received. You inquire if any one can have a person arrested for violating the game laws. Any person may have another arrested for violating the game laws whether he be an officer or not. No one except the officer would have the right to serve the warrant. The warden may arrest parties for violating the game laws whether the offence was committed in his presence or not. All that is necessary is for the prosecuting witness to prove beyond a doubt that the offense was committed and when and where and by whom. The land owner can authorize the game warden to arrest any parties found hunting on their lands without written permission.

New Baseball League.

A new baseball league to include the cities of Zanesville, Cambridge, Coshocton, Marietta, Newark and Lancaster is suggested by a writer in the Zanesville Times-Recorder. This end of the line is ready.

Words of Praise

For the several ingredients of which Dr. Pierce's medicines are composed, as given by leaders in all the several schools of medicine, should have far more weight than any amount of non-professional testimonials. Dr. Pierce's Favorite Prescription has THE BADGE OF HONESTY on every bottle-wrapper, in a full list of all its ingredients printed in plain English.

If you are an invalid woman and suffer from frequent headache, backache, gnawing distress in stomach, periodical pains disagreeable, catarrhal, pelvic drain, dragging-down distress in lower abdomen or pelvis, perhaps dark spots or specks dancing before the eyes, faint spells and kindred symptoms caused by female weakness, or other derangement of the feminine organs, you can not do better than take Dr. Pierce's Favorite Prescription.

The hospital, surgeon's knife and operating table may be avoided by the timely use of "Favorite Prescription" in such cases. Thereby the obnoxious examinations and local treatment of the family physician can be avoided and a thorough course of successful treatment carried out in the privacy of the home. "Favorite Prescription" is composed of the very best native medicinal roots known to medical science for the cure of woman's peculiar ailments, contains no alcohol and no harmful or habit-forming drugs.

Do not expect too much from "Favorite Prescription;" it will not perform miracles; it will not dissolve or cure tumors. No medicine will. It will do as much to establish vigorous health in most weaknesses and ailments peculiarly incident to women as any medicine can. It must be given a fair chance by perseverance in its use for a reasonable length of time.

You can't afford to accept a secret nostrum as a substitute for this remedy of known composition.

Sick women are invited to consult Dr. Pierce, by letter, free. All correspondence is guarded as sacredly secret and womanly confidences are protected by professional privacy. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets the best laxative and regulator of the bowels. They invigorate stomach, liver and bowels. One a laxative: two or three a cathartic. Easy to take as candy.

Boston Wool Market.

Boston, Nov. 15—The feature of the wool market seems to be the greater ease with which wool may be sold at dealer's valuation. The demand continues for unwashed fleeces with three eighths, half bloods and unwashed in principal request. Ohio three eighths is strong at 34 and 34 1-2, while half blood is very active at 32 and 33 1-2c. Ohio and Pennsylvania unwashed delaine has been sold at the unusual prices of 30c. Michigan quarter bloods are firm at 32c.

ANNA GOULD

To Take Care of Count Castellane Claims of Creditors.

Paris, Nov. 15.—Madame Gould, as the former Countess de Castellane will hereafter be known, her title having ceased with the granting of the divorce, expressed the greatest satisfaction when she received the news at her residence on the Avenue Malakoff. Miss Helen Gould, who will remain here until after Christmas, was with her at the time. Madame Gould has no present intention of leaving Paris. Although the court denied the count's application for an annuity, there is the best ground for the statement that Madame Gould will make a liberal allowance to the father of her children. Further it is again stated that so far as the creditors are concerned, the countess will settle all the legitimate bills for household expenses

Where Is Peary?

Halifax, N. S., Nov. 15.—Inquiries by wire sent to different points elicit no new information as to the present location of Commander Peary's Arctic steamer Roosevelt, and it is impossible to tell definitely whether the steamer has yet left Battle Harbor, Labrador, as the nearest telegraph office is at Chateau Bay, and at this late date communication by fishing boats between the two places is practically suspended for the winter. From Battle Harbor, the explorer announced his intention to proceed direct to North Sydney, terminate his voyage there, and it may be possible he may come through the straits of Belle Isle and the Gulf of St. Lawrence instead of passing outside of the Island of Newfoundland.

Wants Receiver for Delmonico's.

New York, Nov. 15.—Application for the appointment of a receiver for two Delmonico restaurants in this city was made by Albert Thierot, executor of the wills of Rosa Delmonico and Lorenzo C. Delmonico. Thierot also brought an action for an accounting against Josephine C. Delmonico, coadjutor of the two wills and who managed the two restaurants. Thierot declared that the solvency of the business is unquestioned, but that his action was taken to prevent a loose system of keeping the accounts of the two restaurants which he declared Josephine Delmonico intends to put into operation. The value of the property was given as $800,000.

RUN ON A BANK

Started By a Rumor, But Officials Meet the Demands.

New Brunswick, N. J., Nov. 15.—From some unknown source a rumor was started here that the local savings bank was in trouble and a run was started, hundreds of people demanding their money upon presentation of their bank books. The run caught the bank officials unaware and they had nearly exhausted their currency when they obtained about $75,000 more and with this they paid off the depositors as fast as they could hand out the money. The bank has about $1,000,000 on deposit, and is managed by some of the best known men in the city. At present there is a surplus of about $400,000. The promptness with which demands were met had the effect of checking the run.

New Democratic League.

Boston, Nov. 15.—To foster, disseminate and give effect to Democratic principles, without favoring any presidential candidate or any national issues for at least a year, are the purposes of the New England Democratic Progressive league formed here by representatives from five New England states, Vermont being unrepresented. Temporary organization was perfected. Alexander Troup of New Haven was chosen president and George Fred Williams of Massachusetts chairman of the executive committee.

Wants Marriage Annulled.

Paris, Nov. 15.—Prince Amedee de Broglie, father of Prince Robert de Broglie, filed in the Paris courts a demand for the annulment of his son's marriage with Miss Estelle Alexander of California, August 11, in Chicago. It was claimed at the time, according to laws of France, the marriage was not valid, because the prince's divorce from a former wife was not approved before his second marriage. Prince Broglie and his wife, who is known on the stage as "Princess Estelle de Broglie," are touring in vaudeville in the United States. During her act Prince Robert conducts the orchestra.

Mysterious Affair.

New York, Nov 15.—One man dead, another dying, and a woman seriously ill, apparently from gas poisoning, were found in a small furnished room in an East Side lodging house, which one of the men had engaged the day before. This man, who had given his name to the landlady as Michael Blake, was the only person seen to enter the house and how the other man and the woman got into the room in which they were found, has not been explained. The woman declared that Michael Blake, who was dead when the door of the room was forced, was her husband. The name of the other man is not known and the condition of Mrs. Blake is such that she cannot answer questions.

FATHER ACCUSED.

Louisville Girl Tells Story of the Murder of Her Mother.

Louisville, Ky., Nov. 15.—One of the most remarkable murder mysteries in police annals was apparently cleared up by the confession of the 15-year-old daughter of Mrs. Virginia Etly, the victim. Anna Etly, the daughter, confessed to the police that her father had murdered her mother and that she had hid the weapon, a knife, and aided him in concealing his guilt for over a week, despite the ordeals of continued "sweating" by officers for a week. The confession came just as the police and newspapers had apparently given the case up as hopeless. Mrs. Etly was murdered November 7.

Japan's Monster Warship.

Tokio, Nov. 15.—The Satsuma, the biggest battleship in the world, which was launched today, embodies all the lessons of the last war. The woodwork on board has been reduced to a minimum; she is fitted with elaborate fire apparatus, and her upper works are kept as clean of tophamper as possible. Her details in the main follow those of the British battleship Dreadnaught, whose steaming capacity she is expected to exceed. As the Satsuma has been built by Japanese labor exclusively, her launching was regarded as a great historical event, the emperor and crown prince of Japan being present.

Pittsburg's Reign of Terror.

Pittsburg, Nov. 15.—The reign of lawlessness in this vicinity continues and the hundreds of police, city detectives, county detectives and private agencies are apparently still unable to stop the depredations which are almost hourly reported to them. Within the past 12 hours the list shows a greater number than any like period since the epidemic began.
